What else?

Red Bananas collections for Romania: As in 2017 there will be a focus on different items each month. For February 2018 we are collecting clothes and shoes. Further information for the whole year will be on a poster in the Angus Room soon.

University/College Missions: Here is a list of places of Higher Education in the UK where there is a family or other personal connection with SBC, with dates for their concentrated Christian Union outreach events. Please pray for them, before, during and after the events – preparation and follow-up are also important. This is a time of life when young people are particularly open to the message of the Gospel.
